

North 76th Street Road Project

(Florist Avenue – County Line Road)

Milwaukee County

Project Update No. 3

September 2006

Meeting to discuss final design and spring 2007 construction

The Wisconsin Department of Transportation (WisDOT) will host the third public information meeting for the North 76th Street project on October 24, 2006 from 5 to 7 p.m. at Uihlein Soccer Park (see other side for meeting details). The design is being finalized for the north half of the project that will be built in 2008. See project corridor map on left. The design includes:

- Repaving the surface to provide a smoother ride and lower maintenance costs.
- Modifying left-turn lanes to improve visibility.
- Replacing sidewalks and curb ramps to meet new standards and adding sidewalks where none exist today.
- Adding new street lights and traffic signals, including traffic signals at Silver Spring Drive, Fond du Lac Avenue and Villard Avenue.
- Because of less traffic volume, the existing six lanes of traffic north of Brown Deer Road will be decreased to only four lanes, two in each direction.

Construction access notes

- The south half of the project (Florist Avenue to north of Good Hope Road) will be constructed and completed in 2007. The north half (north of Good Hope Road to County Line Road) will have work started and completed in 2008. Single year construction should help minimize impacts to residents and businesses.
- Two lanes of traffic in each direction will be provided at most locations. Each lane will be 10-feet wide. See Figure 1.
- Some segments of sidewalk may be closed. Pedestrian access at crosswalks and to bus stops will be maintained at all times.
- Bus routes will be maintained at all times

North 76th Street project map

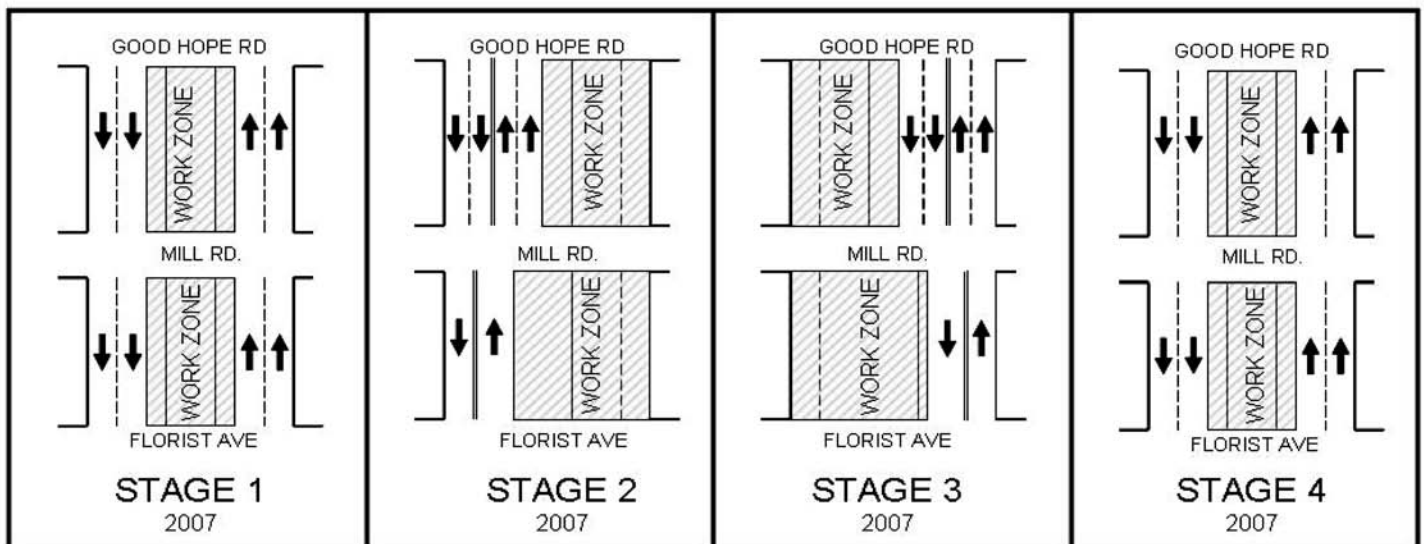

Figure 1. In 2007, road work will be completed from Florist Avenue to north of Good Hope Road. The figure shows the four construction stages used to maintain traffic on North 76th Street during construction.

Public invited to information meeting

Tuesday, October 24, 2006

5 to 7 p.m.

Uihlein Soccer Park

7101 W. Good Hope Road

- The meeting will have an open house format – the public is welcome to attend at their convenience.
- WisDOT managers, project design and real estate staff will be available to answer questions.
- Large-scale, color exhibits of the road plans showing construction planned for 2007 and 2008 will be on display.
- Concept plans for median landscaping between Florist Avenue and Good Hope Road will be presented.
